MAKE THE CONNECTION

AT THE FIRST ORAL-SYSTEMIC HEALTH DAY

For all healthcare
and human
services providers

Friday, February 7, 2014

Part of the Bannatyne Campus Program
University of Manitoba

Frederic Gaspard Theatre (morning session)

Theatre D – Skills Lab (afternoon hands-on session)

Second Floor, Basic Medical Sciences Building
745 Bannatyne Avenue, Winnipeg, Manitoba

UNIVERSITY
OF MANITOBA

ORAL-SYSTEMIC SCIENCE

Over the last several decades, highly respected medical and dental journals have presented compelling evidence of interrelationships between poor oral health and increased risk for a number of serious systemic diseases and conditions. The opposite is also true. Certain systemic diseases and conditions have a pervasive effect on the integrity of the hard and soft tissues of the oral cavity. This body of important knowledge has become known as oral-systemic science.

Oral cancer in adults, the sixth-most common malignancy in the world, and the travesties of life-altering oral diseases in children and adolescents are two areas of oral-systemic science that compel healthcare and human services providers from all disciplines to rethink patient care, and begin to collaborate with colleagues outside their own professions. During this novel program, internationally renowned experts in oral cancer and pediatric dentistry will present succinct information particularly relevant to non-dental healthcare and human services providers. In roundtable discussions during the working lunch, course participants will be challenged to consider specific cases and how healthcare and human services professionals can work together to screen adults for cancerous and precancerous lesions of the oral cavity and oropharynx, and children and adolescents for oral diseases. In the optional hands-on session in the afternoon, participants will learn how to perform a professional oral cancer examination.

SPEAKERS

Bruce Martin, MD, CCFP, MSc

Associate Dean, Students
Faculty of Medicine, University of Manitoba

Anthony Iacopino, DMD, PhD

Dean, Professor of Restorative Dentistry,
Director of International Centre for Oral-Systemic Health
Faculty of Dentistry, University of Manitoba

Susan Müller, DMD, MS

Professor, Department of Pathology and Laboratory Medicine,
Department of Otolaryngology Head and Neck Surgery
Winship Cancer Institute, Emory University School of Medicine

Travis Nelson, DDS, MSD, MPH

Clinical Assistant Professor
Department of Pediatric Dentistry, University of Washington

Casey Hein, BSDH, MBA

Assistant Professor, Division of Periodontics,
Director of Education, International Centre for Oral-Systemic Health,
Faculty of Dentistry
Assistant Professor, Division of Continuing Professional Development,
Director of Interprofessional Continuing Development,
Faculty of Medicine
University of Manitoba

SESSION 1: Targeting Oral and Oropharyngeal Cancer and Life-Altering Oral Diseases in Children and Adolescents

COURSE OBJECTIVES:

Upon completion of this course, participants will be able to:

1. Screen patients for cancerous and precancerous lesions of the oral cavity and oropharynx, and treat or refer at-risk patients as appropriate.
2. Screen children and adolescents for caries and periodontal disease, and treat or refer at-risk patients as appropriate.
3. Implement strategies to foster interprofessional collaboration that ensure more successful patient outcomes in cases that involve oral-systemic sequelae.

AGENDA	8:00-8:25	Registration and Continental Breakfast
	8:25-8:50	Welcome and Introductions: Dr. Bruce Martin and Dr. Anthony Iacopino
	8:50-9:40	Lecture: Dr. Susan Müller – Empowering Physicians, Nurses and Other Non-Dental Healthcare Providers in the Early Detection of Oral and Oropharyngeal Cancer
	9:40-10:00	Break
	10:00-10:50	Lecture: Dr. Travis Nelson – Empowering Physicians, Nurses and other Non-Dental Healthcare Providers to Screen Children and Adolescents for Oral Diseases
	10:50-11:10	Q & A
	11:10-11:20	Presentation of Case Studies: Prof. Casey Hein
	11:20-12:40	Working Lunch with Roundtable Discussion of Case Studies
	12:40-1:00	Conclusions and Closing Remarks: Dr. Bruce Martin

CONTINUING EDUCATION CREDIT

4.5 Mainpro-M1 credits: The content of this session meets the accreditation criteria for the College of Family Physicians of Canada.

4.5 MOC-Section 1 credits: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the Division of Continuing Professional Development, University of Manitoba.

4.5 Continuing Dental Education credits: The content of this session is in accordance with the standards of the Academy of General Dentistry Program Approval for Continuing Education (PACE) through the joint program provider approval of Casey Hein & Associates and the Faculty of Dentistry, University of Manitoba; Casey Hein & Associates is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from December 1, 2011 to November 30, 2015. Provider ID# 337890

SESSION 2: Identifying Cancerous and Precancerous Lesions of the Oral Cavity and Oropharynx (OPTIONAL)

COURSE OBJECTIVES:

Upon completion of this course, participants will be able to perform a professional oral cancer examination.

AGENDA	1:30-3:20	How to Perform a Professional Oral Cancer Examination
		<ul style="list-style-type: none">• Demonstration• Hands-on Training
	3:20-3:30	Closing Remarks

CONTINUING EDUCATION CREDIT

2.0 Mainpro-C credits: The content of this session meets the accreditation criteria for the College of Family Physicians of Canada.

2.0 MOC-Section 3 credits: This event is an Accredited Assessment Activity (Section 3) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the Division of Continuing Professional Development, University of Manitoba.

2.0 Continuing Dental Education credits: Academy of General Dentistry Program Approval for Continuing Education (PACE) through the joint program provider approval of Casey Hein & Associates and the Faculty of Dentistry, University of Manitoba (see above for full details)

HOW TO REGISTER

Please go to website: umanitoba.ca/medicine/cpd/oshealthday

REGISTRATION FEES

SESSION 1: \$175 for physicians and dentists; \$65 for providers in all other healthcare and human services disciplines (Breakfast & Lunch included)

SESSION 2: \$150 for physicians and dentists; \$35 for providers in all other healthcare and human services disciplines

REGISTRATION DEADLINE: **January 26, 2014**

METHODS OF PAYMENT: VISA or MasterCard

REFUND POLICY: Refunds will be issued upon written request prior to **January 26, 2014**
\$30.00 administrative fee will be retained
