WELCOME TO A NEW MDHA YEAR!

Welcome back to a new MDHA year! We hope everyone had a great summer and that you are ready for the 2012/13 year ahead.

There are many events and professional development opportunities planned for the upcoming year, as well as volunteer opportunities. As well, a new group of students have entered the dental hygiene program with the MDHA Mentorship Program in full swing!

One event that we've already celebrated was on September 28, 2012 at the Faculty of Dentistry Alumni Gala. Among friends and colleagues, Diane Girardin was honored with the Alumni of Distinction Award for a career dedicated to a high standard of care and the continuing advancement of the dental hygiene profession. Along with shaping future hygienists at the School of Dental Hygiene and clinical practice, Diane has also given her time in many other ways including

being a past president of both CDHA and MDHA. Congratulations on this great honor Diane!

MDHA VISION

To be the collective voice of Manitoba Dental Hygienists in promoting the profession; cultivating partnerships with member-owners and other stakeholders and empowering our member-owners for the good of the profession and the public

MISSION STATEMENT

To advocate and promote the profession of Dental Hygiene; represent our member-owners, encourage lifelong learning and evidence based practice; and provide education & health promotion to the public. This includes:

- Acting as the collective voice, resource and advocacy body for Dental Hygienists
- Providing professional development and social networking opportunities
- Encouraging continued growth and development of the profession
- Creating public awareness of the profession of Dental Hygiene
- Providing opportunities for health promotion, education and community outreach

MESSAGE FROM YOUR PRESIDENT

Welcome Back! I hope everyone had a great summer.

I would like to thank Kaleigh Warden, Past President for her hard work and dedication serving as President for MDHA for the 2011-2012 Term. I would also like to thank the executive board and committee members both past and present. Your time and commitment to your profession and association has not gone unnoticed.

Fall marks the beginning of a new year for MDHA. There are lots of events to look forward to. There will be many outreach opportunities, Professional Development, Run for the Cure as well as National Dental Hygienists Week to name a few.

I recently had the opportunity to attend the Canadian Dental Hygienists Association (CDHA) Annual meeting and Presidents' meeting that was held in Saskatoon, Saskatchewan this year. I had the privilege of meeting other Provincial Presidents from across Canada as well as Executive members and Directors of CDHA. Dr. Peter Cooney, Chief Dental Officer with the Public Health Agency of Canada was also in attendance. He delivered a presentation that examined current oral health trends in Canada. Following Dr. Cooney's presentation we were given the opportunity to ask questions and discuss topics such as water fluoridation and access to dental care services. The open discussion allowed Provincial Presidents and Executive Directors to chat about matters that impact how they provide care in their communities. To be surrounded by such motivated individuals who are passionate about the Profession of Dental Hygiene was an eye-opening experience. I felt proud to be a part of such a remarkable group people.

I look forward to the year ahead. I am eager to work hard to accomplish our goals, create new ones and to promote the dental hygiene profession and the continued growth of our association.

The MDHA is YOU and without YOU we would have no association. Please feel free to contact me (info@mdha.ca) if you have any questions, concerns or recommendations. I am always open to new ideas and suggestions and would love to hear what you have to say. Let me know what you want out of your association.

Sincerely,

Shauna McGregor,
MDHA President

MESSAGE FROM YOUR PRESIDENT ELECT

Hi there! My name is Stephanie Champagne and I am proud to be the new 2012-2013 President Elect for the MDHA.

First off, let me tell you a little bit about myself. I am a recent graduate from the University of Manitoba and am now working full time at Hanover Dental in Steinbach. I am originally from Lac du Bonnet, Manitoba and enjoy spending much of my free time outside, whether it be on the river or in front of a fire. I have dedicated a lot of time to my life and career as a dental hygienist, and I am happy to be continually learning and exploring the profession. I am especially excited to have this opportunity to be a part of the MDHA!

Being a busy new grad, I was worried that I would lose contact with many of the wonderful people that I've met throughout my years at The School of Dental Hygiene, which is exactly what appealed to me about joining the MDHA. I am now able to interact and share ideas with my dental peers on a regular basis and make a difference in the lives of all dental hygienists in Manitoba. It is truly inspiring to have so many dental hygienists advocate on behalf of their profession and their association.

I'd like to thank the MDHA for this wonderful opportunity and I can't wait for the excitement ahead!

Stephanie Champagne
MDHA President Elect

MESSAGE FROM YOUR EXECUTIVE DIRECTOR

I was fortunate enough this year to be able to represent MDHA at the CDHA AGM in Saskatoon this September. This was a great opportunity for me to connect with other provincial Executive Directors and Presidents; to share ideas, concerns, look for synergistic opportunities, network, and also to get an update on the national direction of your association.

There was a lot of great information shared at the meetings I attended. One of the key messages that was driven home – that I would like to repeat for you – is that CDHA (and MDHA!) is here for YOU. The association is involved in so many things that are important to dental hygiene; and there is so much that membership can provide to you! Here's a snapshot of just a few:

- We are constantly looking for ways to help advocate on behalf of Dental Hygienists and elevate the role of the dental hygienist and highlight the extensive skill set that you possess.
- Did you know that CDHA has full time staff on hand to help answer your questions? Are you connected to social media? Call, tweet or message away – the answers to your questions are much closer than you might think!
- Are you interested in alternative practice? Or extending your own knowledge base? CDHA/MDHA offers plenty of professional development opportunities including conferences, meetings, 19 online courses, and 13 webinars on various topics.
- How about access to CDHA and MDHA journals and newsletters?
- Want to promote oral health in your community or to specific groups? MDHA is here to help – we have supplies available for use and can help you out!
- Starting in November, you will also have access to e-CPS which will allow you to quickly search over 2000 drugs, vaccines, and natural health products.
- Looking to continue your education? There are scholarship opportunities to help fund the journey.

And really, the list goes on and on and on.... We are committed to working together, for you, to help make membership in our association a relevant part of your career!!!

The other thing that was very valuable about participating in the CDHA meetings is the fact that I came out of it feeling completely inspired and recharged – which is perfect going into a new year with your association! There are so many great things happening with your organization level! And I feel so honoured to be your Executive Director and to be able to have a role to play in not only promoting the profession of dental hygiene, but in representing you, the Manitoba RDH's, and helping things happen here in your Province!

Executive Director
